A LITTLE BIRTHDAY LOVE

Happy Birthday, *dear king.*

Doctor to the world.

A king with a heart of gold.

ONE OF A KIND

A GOOD HEART. A GREAT DOCTOR. A TRUE KING.

SOME THINGS DESERVE TO BE SAID

My king. My guide. My second father.

Dear king,

To the world, you are a doctor. To me, you are a king with a heart of gold - a second father, a guiding hand, and someone I know I can always count on.

Thank you for looking out for me, believing in me, and making me feel that I never have to face life alone. Today, I hope all the love you give finds its way back to you.

May this next chapter bring you good health, quiet joy, dreams coming true, and every reason to smile.

So lucky to have you in my life.
